

Background Services

Precision Payroll of America, in conjunction with Securalex, has developed a low cost-high value background services system.

All services are available to a registered client at any time. After completing the registration below and a nominal set-up fee, you may start using the program immediately. You shall be billed for services only when received. There is no minimum usage or time requirement. Upon registration you will receive a packet for background requests and authorizations along with simple instructions.
