Convenience

## Web Payroll

Web Payroll is a powerful solution designed to streamline payroll operations while enhancing flexibility, security, and control. This dynamic product enables you to maintain control of your payroll while providing the ultimate in convenience with 24/7 access taking you out of the normal 9 to 5 constraints.

Web Payroll allows you greater control over day to day payroll activities as well as offering the power and flexibility to do activities that would otherwise be more difficult and cumbersome to do. It gives you greater direct control over the hiring, updating, and termination process. Web Payroll also comes with additional reporting, confirmation, and check writing features not available in other products.

### Web Payroll offers:

- **Electronic transfer** of your payroll data via the Internet from you to us instantly.
- **Maintain control** of your payroll data while utilizing our payroll expertise.
- **Receive live checks** and payroll reports via the Internet.
- **Multi tiered security** provides a secure solution that is completely automated.
- **Ease of use:** Wizards walk you through the new hire and submit payroll process.
- **Fast & Accurate:** Rapid data entry screen for basic pay.

*For payroll professionals who want to simplify their lives,  
Web Payroll is an excellent choice!*

 **PRECISION PAYROLL**
