

# Get Control of your Unemployment Compensation Costs

**CONTROL  
Your U/I  
Tax Rate**

**PROTEST  
Undeserved  
Charges**

**FIGHT  
Unwarranted  
Claims**

Do you know the most effective ways to fight unwarranted claims? Do you have the time to appear at compensation hearings and properly follow-up on all protests? Do you know the State computes your assigned U/I tax rate? Do you properly document misconduct cases and keep up with the changes in U/I regulation? Here's how you can control your Unemployment Insurances costs.

**Xchanging will:**

- ◆ process your benefit claims, protest your unwarranted claims
- ◆ represent you at unemployment hearings
- ◆ audit and verify your benefit charges and tax rates
- ◆ provide you with claim disposition through quarterly reports
- ◆ provide phone consultations and conduct U/I workshops

**The Precision-Unemployment Administrative program is only \$1.00 an employee per month or a \$12 a month minimum.**

Claims and benefit charges will be electronically sent to Xchanging via IDES's host-to-host program. Upon receipt, a fax will be sent to you advising of the claim and requesting work history and separation data. This program prevents late claims as it does not rely on the U.S. mail. Additionally, Xchanging wins over 90% of all contested Unemployment Insurance cases. Xchanging has represented employers since 1979 under the Martin Boyer name. Participating firms have saved many times the cost of the service in reduced staff administration time and lower Unemployment Insurance tax rates.
